# LOOSE FOR CANDIDATE

Petition to Be Started Asking Provo Man to Announce Himself.

The Federal bunch, excluding Carley mister, has decided to circulate a peion in Salt Lake City requesting Ed se of Prove to become a candidate Governor. The petition will be arted on its rounds Monday and it expected that it will be numerously

rued, particularly by those who desire free at the hands of the state. A meeting was held in Salt Lake ty, Saturday, and Apostle Smoot, mater Satherland and Elder Howell enter Sutherland and Edger Howell gre in attendance. The situation was horoughly canvassed, and, while the engressional delegation did not desire a be drawn into the gubernatorial ontest, it was decided that the petition scheme was the most feasible, as no responsibility could then be

Accordingly, on Monday, Major My-n and Jody Eldredge will, in all subshilty, start out with the peti-no. These petitions, if the signa-rs are as numerous as the schemer-lieve they will be, are to be winter ns. These pressures as the schemers lieve they will be, are to be printed the Smoot "Mouth." as showing a demands of the people for Loose. As said, this relieves Smoot of reassibility, and if there are enough natures will show that it is not as county that is making the demand. It is a great scheme and puts a spirants from Salt Lake City for the positions in the front rank. At this conference it was brought out at Jody Eldredge had been promised Schator Sutherland the job of aster in charge of the new assay of in Salt Lake City. It has come be understood that Mr. Eldredge must live without pulling the public at; in this way he is emulating Pee-

in this way he is emulating Pee-Thomas, but he must have place. Edredge has had aspirations for tate treasurership. Now it is said he is to have charge of the assay

Mer Howell, in his endeavor to the himself with Cache county, has gated D. R. Roberts of Logan for position of assayer. The place had a promised to Fussy Jimmy by stle Smoot, but it now appears that to is not so much the whole cheese was and cannot deliver the goods, apostle is looking out for himself, it also known that Jody Eldredge gainst Smoot, so that if Sutherland code in landing him in the assayoffice it will be a body blow to apostle.

wever, the developments that will next week may change things all ad again. Smoot and Howell do propose to do anything that will beir chances for re-election.

To the Public.

### REAL ESTATE DEALER Hyrum Baird, One of the First Members of Life Underwriters

Hyrum Baird, manager of the Utah branch of the Prudential Insurance company of America, has been connected with the life insurance for the past eight years. He was one of the organizers of the Utah Life Underwriters' association and a member of the first board of directors. He also bore the distinction of being the first agent to serve on the board, all other members having been managers of agencies. Mr. Baird is especially active in the work of the association and commends the work which it is doing to bring about better conditions in the life insurance business.

comments especially on the laps

He comments especially on the lapsing of policies as a phase of the evil of "Twisting," and says that it is the hardest thing about that practice.

"Every life insurance policy," says Mr. Baird, "begins to accumulate reserve value as soon as the first premium is paid and hence comes to have a legal reserve value. Hence the policyholder who lapses his policy loses not only the value of the time, which is a great element in life insurance, but also the reserve which that policy has been accumulating. It is like a man who starts to build a house," says Mr. Baird, "and because some one tells him that he should build a better house does not finish the one he has already him that he should build a better house does not finish the one he has already started, but starts to build another one. He has thus lost the first house and wasted the money and effort which he has put into it." According to Mr. Baird, the carrying of a policy grows with time and it is practically certain that a policy in almost any of the old reputable companies if it has been old reputable companies, if it has been

payers should consider the expense in view of the benefits which would result

from the expenditure of the money,
"If the bonds are not raised," he
said, "it will be necessary to increase
the taxes in order to pay for the improvements which are absolutely neces
sary, in order to permit the city to
grow in the way that it ought. The
city is obliged to pay for the aspiralting or otherwise care for the intersections of the streets, and it is necessary to have money with which to do
this.

"Unless the streets are paved the "Unless the streets are paved the city cannot grow and there can be no advance in the price of real estate, even if there is not actually a falling off in values. The issue of \$600,000 worth of bonds, if the city contains a population of 100,000 people, as is claimed, would place a per capita expense per annum of \$6 ou the people of the city. The interest on this sum would be about 30 cents per capita, and this seems a very small amount to expend in exchange for the resulting benefits which would be derived from the expenditure of the money." the expenditure of the money

# LOSE DESERT LANDS

Says He Can't Fathom People Decision of Land Office in Milano Contest Opens Lands to Entry.

A. Richter, a prominent real estate dealer, Saturday in commenting on the proposed issue of \$600,000 of bonds with which to raise money to carry out improvements to the city, expressed considerable astonishment that the taxwas desirous to enter upon the land, but who desired to clear the title be-fore so doing.

The land in question is unsurveyed and is situated in the northeast half of the northeast quarter of section 15, and the southeast quarter of the south-west quarter of section 10, of township 14 south, range 9 east, Salt Lake base and meridian. Buchanan filed on the land twenty-three years ago, He and his heirs have not been able to secure a title to the land because it has been in an unsurveyed section of the state, and such lands are not to be patented until surveyed. and the southeast quarter of the south SHIVEVEG

Milano, however, desired to file on this land, because, he declared, the this land, because, he declared, the necessary reclamation work had not been done on it, and therefore Buchan-an and his heirs had lost all rights to the ground. When Milane first con-tested the case he lost, because he did not present sufficient evidence to con-vince the land office of his contention. He submitted more evidence and the former decision was reversed Saurcher He submitted more evidence and the former decision was reversed Saturday. If the commissioner of the general land office at Washington, D. C., makes no change the Buchanan entry will be canceled and the land will be open for entry. Milano showed that only about five acres of the land had ever been irrigated.

## POPPERTON PLACE TO BE PICTURESQUE SPOT

Scheme Contemplates Especially Select and Attractive Home Locality.

The placing of the arrangements for beautifying of Popperton place in the hands of Ware & Treganza, architects, has attracted a great deal of attention from real estate dealers and is regared as the initial step of a movement for adapting the building of homes to the topography of the country which will be taken advantage of to a greater extent in the future.

The scheme of laying out Popperton place comprehends the imponucing of the entire water supply from what is known as Dry canyon, which will give about 500,000 galfans of water a day. It is proposed to make the entrances to the place of such a style that visitors will know the locality from its distinguishing marks. The entrance from the south will be through the Federal Heights property. There will also be an entrance from the High Line boulevard, which was laid out some time ago.

The natural beauties of the tract will

The old folks will celebrate their annual outing at Provo Thursday next. They will travel via the Salt Lake Route and some 1100 will be carried free to the "Garden City," where great preparations are being made for their entertainment.

Ladies and children's free day. Take the kids to Wandamere.

fornia, near Pasadena

No old sore can heal until the cause which produces it has been removed External applications of salves, washes, lotions, etc., may reduce the inflammation and assist in keeping the place clean, but cannot cure the trouble because they do not reach its source. Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S. S. makes the blood pure, fresh and healthy; then as new, rich blood is carried to the spot the healing process begins, all discharge ceases, the inflammation leaves, new tissue begins to form, the place fills in with firm, healthy flesh, and soon the sore is permanently cured. S. S. S. is purely vegetable, the safest and best blood purifier for young or old. Book on Sores and Ulcers and any medical advice free to all who write.
